RE: Parcel Number:

Dear Property Owner:

We are pleased to inform you that in a letter dated December 16, 2009, which I have enclosed for your reference, the Federal Emergency Management Agency (FEMA) formally delayed implementation of the proposed Flood Zone A along the Santa Clara River until completion of the Santa Clara River Flood Insurance Study. FEMA expects to complete the Santa Clara River Insurance Study by 2012.

The FEMA requirement to obtain flood insurance by January 20, 2010, is no longer applicable to your property. Properties that were scheduled to be placed in the floodplain will temporarily be designated as protected from the 100-year flood event by a levee.

FEMA still encourages residents potentially at risk of being in a flood zone to purchase flood insurance at the low preferred rate while the study is being completed.

For more information about these latest FEMA developments, please visit the City of Oxnard's website, or contact the Robert Hearne (Floodplain Administrator) at (805) 385-7925.

Sincerely,

Dr. Thomas E. Holden
Mayor

Enclosure - FEMA Letter dated December 16, 2009
